****In the Spring of 2021 SCU had 2 graduates. In the Spring of 2022 SCU had 5 graduates. These graduating students in addition to the December 10, 2021, Tornado, reduced student registration. The number of students was too low to continue to offer classes after Fall Session II was completed. Classes were paused, for the remainder of the Fall Semester, while attempts were made to create a new plan to recruit students after the devastation to in Mayfield. The 12/10 Cohort was created to recruit students who had suffered loss during the tornado. Students who were affected by the tornado were able to take courses with a full tuition discount. Students were only required to pay the Course Fees and Book Fees. This was a great idea. However, we discovered after starting the cohort, that many of the students ended up dropping out of the cohort because of the cost of fees or the recovery process at their home.*
