Campus Security Act Legal Requirements

Federal Law: The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (referred to as the Clery Act) is part of the Higher Education Opportunity Act. It requires institutions of higher education that receive federal financial aid to report specified crime statistics on college campuses and to provide other safety and crime information to members of the campus community.

State Law: The Michael Minger Life Safety Act (referred to as the Minger Act) requires institutions of higher education in Kentucky to report crime statistics to current and prospective students and employees, to maintain a daily crime log, to report a fire or threat of fire to the State Fire Marshal immediately, and to issue special reports when there is an ongoing threat to the safety of students and employees. An annual report of campus safety policies, programs and statistics must also be submitted to the Kentucky Council on Postsecondary Education.

Location: Summit Christian University classrooms are located at 90 Highway 408, Hickory, KY.
The Viola Fire Department is located within one mile of the classroom facility. The Kentucky State Police is located across the street from the classroom facility. These two entities provide classroom security and protection. The Sherriff's Department routinely patrols the area where the classroom is located and provides security and protection. Classes are held on Tuesday and Thursday night only. SCU operates within the agreements outlined in Memorandum of Understanding with Community Fellowship Baptist Church. All Fire and Safety regulations are the responsibility of CFBC and are up to date through 2021.

The administrative offices, located at 90 SR 408W, Hickory, Kentucky are within walking distance to the Kentucky State Police. While there is no on-campus security force, these entities can cover any need that arises very quickly to provide office security and protection. Neither of these locations are owned by Summit Christian University. SCU

operates within the agreements outlined in Memorandum of Understanding with Community Fellowship Baptist Church. All Fire and Safety regulations are the responsibility of CFBC and are up to date through 2026.

Personnel: Dr. Keith Roach and Amanda Davidson work directly with the Kentucky State Police, the Viola Fire Department, the Mayfield Police Department, the Mayfield Fire Department, and Graves County Sheriff's Department. Because of the location of these entities, response time is very rapid. Therefore, we can provide adequate security to our students, faculty, and staff.

Programs and Student Awareness: The student handbook, staff handbook and the college catalog have policies and procedures written to inform students, faculty, and staff. Students are given a copy of the handbook and asked to sign an Acknowledgement Form upon receiving the handbook. Faculty and staff are given a copy of all three resources, as well. In addition, the contents of these handbooks, including the Harassment Section (VAWA), are covered in the new Staff Orientation and New Student Orientation sessions in the Fall Term and Spring Term. Staff and faculty are informed on reporting and intervention skills during this session. Students are informed of situational awareness for harassment, violence, cheating, and safety protocols. Campus safety and protection are covered at the beginning of each class during the Introduction to the Course.

Violence Against Women Act: Dr. Keith Roach, President, is a psychologist by profession. Presently, he assesses any complaint and refers the person to the appropriate Counseling Services in the region, if needed. The procedure of how to report a complainant is stated in the Student Handbook, the Summit Catalog, and the Facilitator Handbook and can be found under Forms page on the university website at www.summitchristianu.org. Training is provided during student orientation and reminded to students through their syllabus in each class.
